

MESSAGE FROM MRS TAYLOR

So, it seems that last week's mad science assembly really was that exciting, to the point that the after school club places absolutely flew out and it's likely there will be sessions after Christmas too. What an incredible opportunity for the children.

We had visitors in school on Tuesday and I was so very proud with the positive comments shared about our amazing staff and children. Behaviour was excellent, learning was purposeful and children were able to work with independence and success. I joined our newly introduced forest school and was amazed at the fantastic opportunities it gave the children to work together and develop new skills. It's going to be a real asset to our curriculum.

Our school day is 8.45am - 3.15pm

All staff are outside from 8.45am and begin our ONE LIFE programme through a warm welcome, positive start to the day and meeting and greeting of children and families. This supports a smooth transition into school and continued learning following the 8.50am bell. It is important that all children start the school day in this way and with their class.

60 children arrived via the office this week compared to 65 last week. |
